

Ultimate Tuesday Event Descriptions Shine Day Camp 2019

Wet N' Wild Water Day: Bring your bathing suit and towel and get pumped for an afternoon of fun in the Sun. With a giant foam machine, loads of super soakers, water balloons, and a Size XXL slip 'n slide, you are sure to have a great time!

Livonia Rec Center Swim Test & Fun: On these special Water Days the 4th-7th graders will head to the Livonia Rec Center to participate in a swim test. Once the swim test is over, we will enjoy the lazy river, fly down the waterslide, play water basketball and more!

Backyard Olympics: This Ultimate Tuesday will take over our entire week as we form teams and compete in all sorts of Olympic events like zorb racing and nerf gun biathlon. Stay all week and see who will get the gold!

Geocaching: Returning once again, in Geocaching we'll be using GPS to complete a scavenger hunt in our own backyard. Secret caches will be hidden throughout the building and grounds, and only the quickest team will be able to find them all and decipher the secret message!

Animal Magic: Mark Rosenthal, a professional animal educator and entertainer, will give us an up-close experience with some of the world's most exotic animals. Mark's unique blend of exotic animals, life sciences, and magic have made him one of the most sought after acts in the country! In 2017 Mark was named Nickelodeon's Michigan Entertainer of the Year.

Mega Game: Mega games are giant event games, where 20+ (or in our case 100+) individuals work together to complete some goal. Will we be preventing a natural disaster? Escaping from an island with hidden treasure? Only time (and your attendance) will tell!
